FORD TELEMATICS

SOLVE YOUR FLEET'S BIGGEST PROBLEMS TODAY.

WHAT IS FORD TELEMATICS?

With more to do and seemingly less time to do it, having all the information at your fingertips can make the difference between thriving or simply surviving. Ford Telematics is a web-based productivity tool that's designed to help Fleet Operators like you to optimise their business.

HOW DOES IT WORK?

When your vehicles are connected to a FordPass Connect Modem with a Ford Telematics subscription, this powerful tool comes to life, providing you with a wide range of manufacturer-grade information, insights and reports. These up-to-the-minute insights provide the answers that you need to take decisive action to solve your fleet's biggest problems.

- ✓ IMPROVE ASSET UTILISATION
- ✓ MAXIMISE YOUR VEHICLE AVAILABILITY
- ✓ OPTIMISE YOUR RUNNING COSTS
- ✓ IMPROVE DRIVING BEHAVIOUR
